# Our Story

The grass was knee-high around the hot pools and the property required renovation when the current owners took over Maruia Hot Springs, in 2015. Today, Maruia Hot Springs has won multiple awards including prestigious Qualmark Gold rating.

We provide an environment of relaxed bliss to recharge your body, mind and soul. Our thermal wellness destination is located in the beautiful Lewis Pass National Reserve, a two hour drive from Christchurch and one hour drive from Hamner Springs. The renovation of the spa and the experience it now provides reflects lessons learned by co-owner James White during his travels to more than 160 health spas in 28 countries. A unique wellness destination has been created, which he likes to call 'nature's health haven'.

All Maruia Hot Springs guests enjoy unlimited access to hot pools, saunas, a steam room, cold plunge pool, foot bath, zen chi machines, relaxation lounge, restaurant, hiking trails and other wellness experiences. For visitors seeking the complete relaxation experience, recently renovated accommodation is available for both couples and families. All rooms are peaceful, quiet, and offer a sense of connection with the surrounding natural environment. There's also a fabulous restaurant on-site, which presents the finest locally sourced, seasonal produce on both its menus.

We welcome both overnight and day guests to take the opportunity to recharge and rejuvenate

# Our Water

Maruia Hot Springs is proud to provide bathers with an authentic, natural and pure thermal mineral water experience. Immerse yourself in geothermal waters that have naturally risen to the earth's surface on our site for centuries. Our geothermal water is infused with natural minerals and trace elements that detoxify the body and rejuvenate the spirit.

## Natural thermal springs

Our water rises from deep beneath New Zealand's Southern Alps, reaching the earth's surface at a temperature of approximately 56°C. From there it is cooled to between 37°C and 42°C and directed into a range of indoor and outdoor pools. We provide a pure chemical free natural bathing experience.

Maruia Hot Springs is a sulphur spring with a pH of 7.3, and with an average of 500,000 litres of natural geothermal water flowing through our pools daily, our water is always fresh and never recirculated.

## Energy positive property

The electricity used to power saunas, heating and buildings at Maruia Hot Springs is produced on-site by our very own hydro-electric generator. Maruia Hot Springs produces more energy than it is able to consume, thus is a 100% sustainable property. We are an off the grid eco-resort, with internet provided by satellite.

## Our water is alive

The geothermal waters of Maruia Hot Springs are infused with an abundance of dissolved minerals as they rise through the many layers rock beneath the earth's surface. These dissolved minerals can give a distinct and unusual colouration to the water, and create an ideal habitat for medicinally beneficial extremophile species.

At Maruia Hot Springs you will most often see our unique 'black algae' in the water, which has been scientifically shown to have similar health benefits to the superfood spirulina. We encourage guests to rub the black algae on their skin to benefit from the many nutrients within it, including vitamins, minerals, antioxidants, essential fatty acids and chlorophyll.

During your visit it is not uncommon for our pools to change colour throughout the day, from clear to crystal green, milky grey and jet black

## Benefits

Water has long been harnessed to nurture physical and emotional well-being. Around the world, and throughout decades, water therapies and facilities have contributed to the creation of wellness experiences that provide lasting physical and mental health benefits. Our waters are an oasis of calm and healing, for improving sleep, alleviating stress, improving circulation and easing arthritic, muscle and joint pain.

## Specialty teas & kombucha handcrafted at Maruia Hot Springs

Relax and unwind with our own range of specialty teas and kombucha handcrafted at Maruia Hot Springs. We have complimentary tea in all the rooms for you to try. Teas included in the room are a relaxation vanilla chai, english breakfast, maruia sleepy tea & maruia signature tea.

# Wellness & Treatments

## Wellness activities

We invite our guests to switch off from reality and fully relax in nature. To enhance the Maruia experience we offer full body massages & treatments. We also offer a set of complimentary wellness activities to all overnight guests.

## Signature sauna infusion

Discover the powers of hot & cold (contrast) bathing in our daily "signature sauna infusion", guided by our resident sauna masters. Begin by learning the benefits of hot & cold therapy while seated in the hot rock sauna infused with essential oils, then refresh with a cold plunge ritual, and finish with our homemade natural mineral clay masks – an experience not to be missed!

## Massages and treatments

Guests can choose from a variety of treatments ranging from relaxation massages to indulging facials and head to toe body treatments. Combining essential oils and traditional massage rituals, you will leave feeling relaxed, refreshed and rejuvenated.

We recommend bathing prior to your treatments in order to enjoy deeper benefits, eliminate body toxins, promote healthy skin and feel the therapeutic results more deeply.

## Wellness program

Our calendar of complimentary wellness activities for you to enjoy during your stay includes our guided 'signature sauna infusion' with home-made face masks, daily wellness classes and a guided nature trail walk. These can be booked when you arrive. Make sure to pack your yoga pants, swimsuit, jandals and suitable walking shoes.
